Sorry-

Can you put all this info in your spreadsheet where your totals are? Thanks
Frank

Total of 38 folks working at BLN who report to me to maintain the plant/site
Breakdown is

- 20 folks maintenance includes plant plus facilities work
- 9 security personnel maintain security 24/7
- 7 Ops/eng'g/planning/training /mgmt. services
- 2 TVA maintenance manager and site manager

Cost estimate comes from several years of actual costs associated with maintaining the site

The maintenance folks are Williams Services folks under contract to me who currently perform maintenance work.
Going forward in the near term, they need to stay with me until such time we need their support elsewhere.
Need more info, plz call

Jim-

Can you put more detail in numbers like:

- 1) How many staff, how did you get to your numbers and what job description they have? Is this contract work or what?
- 2) "Quarterly Nuclear Development cost to maintain Construction Permits" What is this and what is the breakdown? Who is it paid too?

Folks,
Cost for 6 months' worth of maintaining the site. Also see below as it relates to the overall yearly cost and how of that is covered by ND and by TVA.

Franklin,
I have attached the breakdown of the Bellefonte 6 month cost for the site. I also have attached a one page discussion on the yearly Bellefonte cost as to how it is covered by TVA and ND.
